

A large, classical-style building with a prominent golden dome and a portico with columns. Two black banners with the word 'IOWA' in yellow are hanging from the columns. In the foreground, a wide stone staircase leads up to the building, and a paved walkway runs alongside it. Many students are walking on the path and sitting on the steps. The sky is clear blue, and there are green trees on the right side of the frame.

Welcome to the University of Iowa! I hope you enjoy your time on campus.

The Dean of Students (DOS) team values and welcomes all students. We strive to be a campus leader and work to create meaningful learning experiences for students through the programs, services, supports, and initiatives we offer. Staff members on the DOS team are experienced individuals who are ready to help students achieve their goals at the UI. Diversity, equity, and inclusion is foundational to our work and our staff members are committed to helping students stretch and grow in their experiences.

As an organization, we are committed to shaping the student experience and encourage responsible decision-making, safe and healthy environments, and success in and out of the classroom. Staff members ask students to take advantage of all the University of Iowa has to offer academically and socially. We assist students in transitioning to a new environment, getting engaged in activities and programs, and support social justice change. We also help students navigate and find campus resources when they face challenges or need assistance.

It is my hope that students benefit from the decisions they make during their time at the UI – within their academic program of study, student organizations, multicultural experiences, employment opportunities, and arts and athletic events offered on our campus. Staff members on the DOS team are equipped to help students succeed and thrive, and our top priority is to enrich their experiences.

Please utilize this guide while you are on campus to learn more about the departments, services, supports, and initiatives offered and administered by the Office of the Dean of Students. If you have questions, please feel free to contact us.

Take care,
